JERSEY HEIFER WILL BE GIVEN AWAY MONDAY

LEGISLATURE PASSES BILL FOR W. T. COLLEGE; AWAITS SIGNATURE OF GOV. MOODY

Summer School Is Assured if Bill is Signed by Governor Moody; President Hill States That Local College is Pleased.

An appropriation bill for the West Texas State Teachers College passed both the House of Representatives and the Senate yesterday afternoon and is now awaiting the signature of Governor Dan Moody, according to a wire from Representative Clyde W. Warwick.

The bill, which passed the two houses of the Texas Legislature yesterday, will allow the local college, provided the bill meets with the governor's approval, \$23,000 to be used for the Summer School this year. Also a contingent fund calling for \$12,500 for next year's Summer School. Additional to that were appropriations for the amount of \$3,000 which were allowed for fuel and light each year.

The amounts allowed for the fuel and light expenses for both years were added to the appropriation bill through the efforts of Clyde W. Warwick, representative of the 123rd district.

The appropriation bill which passed the two legislative bodies yesterday afternoon called for the exact amounts asked for by the officials of the college. With the signature of Governor Moody the local institution will be assured that there will be no hindrance from a financial standpoint, and plans of the college officials, for the advantage of the college, may be carried out.

In commenting on the passage of the appropriation bill last night, President J. A. Hill said: "We are indeed glad to know that our requirements met with the approval of the Legislature. The bill passed was the exact amount of appropriations asked for by the college."

Bobbitt Is To Be Speaker at P-P Dairy Show

Attorney General R. L. Bobbitt will be one of the distinguished visitors to the third annual Texas Panhandle-Plains Dairy Show, to be held at Plainview April 7-10.

Among other things at the third annual show, which is expected to be the greatest held in the history of the exposition, will be two new buildings. One will house dairy cows entered in the show, while the other will display the first farm machinery exhibit on the Plains. Last year the show opened in the new \$20,000 building and was crowded beyond capacity the first day.

In connection with the Dairy Show, a Pure Food Show, planned in the interests of the women, will be held in the City Auditorium. Another feature of the show will be a Dairy Products Short Course held on Wednesday, April 9, at the Chamber of Commerce offices. K. M. Ronner of Texas Technological College will direct the short course.

A number of Panhandle counties and towns are planning special trips to the show.

Randall County Men Buy Jerseys At Fort Worth

Two Randall county men purchased three head of Jerseys at the Jersey sale held in Fort Worth in connection with the Fat Stock Show there last week.

F. E. Gidden, who resides southwest of Canyon, purchased two purebred Jersey heifers at the sale. They are from the same line as some other Jerseys he now has. With these he hopes to build up a herd of line-bred Jerseys.

Jim Watson, another Randall county fancier of Jerseys, purchased a young purebred Jersey heifer at the sale.

Willis Walker of Turkey was in Canyon Monday.

Rotary Club and C. of C. Will Hold Joint Luncheon

The monthly Chamber of Commerce dinner will be held in connection with the regular weekly Rotary meeting next Tuesday noon. The two will hold a joint meeting in the basement of the Presbyterian church, the regular meeting place of the Rotarians.

It is announced that the purpose of the meeting will be to elect new officers to the Chamber of Commerce. The reason for the election of officers at this time, it is stated, is due to the fact that the principal projects, outlined at the annual election of officers last fall, have already been accomplished, and those now serving feel that new officers should be elected at this time to take up new projects that face the organization at this time.

A very short program has been arranged, consuming only the regular Rotary hour.

All business men and women who care to attend the meeting are invited to do so. Those who will attend are asked to notify Mrs. Harvey Cash or W. A. Warren, before the time for the meeting.

Farm Exhibits of Randall County Win 22 Ribbons

Other than the winning of first in county exhibits at the Fat Stock Show in Fort Worth last week, nine other blue ribbons were won on farm products entered in the show. These were on forage and grains.

Besides the blue ribbons, which included all blue ribbons in the classes in which entries were made, these were seven second places, two third places, and four fourth places won.

W. H. Upchurch, who had charge of the county exhibit at the stock show, stated that those who saw the exhibit which won first place were prone to doubt that such wonderful farm products were produced in Randall county. They were slow to realize the possibilities offered here in agricultural lines.

Health Nurse To Complete Work Here This Week

The Red Cross of Randall county announces that the work of the health nurse will be completed in the training school of the College this week. Miss Ridley, the nurse, reports a very satisfactory program. The doctors and dentists of the county have been very helpful in assisting with the examinations and it is felt that much good will result from the program of the Red Cross chapter.

A health program has been arranged for presentation at the Canyon High School on Friday afternoon, March 27, at 4 p. m. An invitation is extended to all who will care to attend. The committee in charge hopes to have representation from various committees over the county. Dr. S. L. Ingham and Dr. Harris Cook are among the speakers on the program.

The work of Miss Ridley among the rural schools will begin March 24 and will be carried out according to the schedule arranged by the county superintendent and county representatives.

DISTRICT NO 10 TO HOLD ELECTION APRIL 5

The election date set for the school district number 10 of Randall county is April 5. At that time the voters of the district will decide on a \$6,000 bond issue for the purpose of consolidating the two schools of Plains Center and Fairview.

One Act Play Meet To Be Held This Week End

The stage is all set, so to speak, and the lovers of dramatics in Canyon are offered a week-end of entertainment awaiting them, according to an announcement by W. E. Lockhart, concerning the one-act plays to be held in Canyon Friday and Saturday of this week.

Mr. Lockhart, head of the Department of Commerce at the College, and director general of District One of the Interscholastic League, is general manager of the one-act play tournament of the league.

Twelve high schools over the district will send representative casts to the tournament. It has been arranged so that three plays will be in progress at the same time.

The tournament begins at 2 p. m. Friday and continues until Saturday at 8 p. m., when the finals will be held in the auditorium of the new Education Building.

The public is cordially invited to attend these plays. The College Auditorium, the Canyon High School Auditorium, and the auditorium in the Education Building will be in constant use, and three plays will be in progress most of the two days.

At 2 p. m. Friday, Canyon plays Panhandle in the High School Auditorium; Sanford plays Miami in the Education Building, and Dumas plays Claude in the College Auditorium.

A small admission charge of 25 cents will be required to attend the evening performances, 8 o'clock Friday and Saturday. This charge is made to defray the incidental expenses connected with the tournament.

The following high schools have entered casts: Lefors, Canyon, Panhandle, Sanford, Miami, Pampa, Amarillo, Dumas, Claude, Texline, Perryton, and Stratford.

Farmers Urged To Co-operate With Census

In an effort to secure a complete farm census of the entire agricultural resources of the nation, the governmental census bureau is sending out, in advance of the census enumerators, copies of the general farm sheet, similar to the one which will be filled out by the enumerator when he calls. A large number of these sheets have already been mailed out and others are being distributed, according to J. I. Ballengee, who will be the census enumerator for this precinct outside of the city of Canyon.

Mr. Ballengee is very urgent in his request that every farmer in the county secure a copy of the general farm sheet. He states that because of the length of the sheet and the large number of questions, that it will save time for both the enumerator and the farmer if the farmer knows beforehand what to expect in the way of questions.

Those farmers who live outside of Canyon and in Randall county, are at liberty to call Mr. Ballengee any time or County Agent W. H. Upchurch and secure a copy of the sheet. Enumeration by the census bureau will begin April 1 and continue during the entire month. It is vital that all farmers co-operate with the census bureaus in obtaining a full census of the agricultural resources. It is pointed out that such a complete record, as that asked for, will help much in legislation from the Federal Farm Board.

The sheet under discussion is divided into 17 sections containing 232 questions. These questions cover practically every subject in connection with farming and stock-raising in general over the nation.

Miss Brewer Joins Canyon News Staff

Miss Emil B. Brewer, recently of the Memphis News, has joined the staff of the Canyon News as society editor. In this capacity, Miss Brewer succeeds Mrs. Bill Money, who was Miss Irma Hinkle before her marriage last Monday.

Miss Brewer has had several years experience in newspaper work. She was formerly society reporter on the Pampa Times, and also the Turkey Enterprise.

CLUB LADIES MAKE PLANS FOR CLEAN-UP

COMMITTEES ARE APPOINTED
FOR ANNUAL CLEAN-UP DAY

Co-Operation of Entire Citizenship
Asked in Drive to Make Canyon a Clean City.

Co-operating with the proclamation and appeal issued by Mayor Bellah several days ago, the Federated Clubs of Canyon are going forward with a clean-up drive to make Canyon a clean place in which to live.

The club women have already appointed committees to look into the matter of clean-up day of the Federated Clubs, set for April 2. The city has been divided into eight different sections, with the committees in each section to look after them.

Mrs. J. Madison Dougherty has been appointed the general chairman of the clean-up day, by Mrs. E. D. Harrell.

The committees are as follows: West part of town from Tenth street, Mrs. J. M. Vetesk, Mrs. J. W. Green, Mrs. R. P. Jarrett and Mrs. C. N. Harrison.

North of the square from Third street north, Mrs. Oscar Hunt, Mrs. N. A. Person, and Mrs. M. S. Frieze. Northeast of square to the highway, Mrs. W. A. Warren, Mrs. Bert Newlin, and Mrs. I. C. Jenkins.

Southeast of the square to the highway, Mrs. J. J. Walker, Mrs. C. L. Thompson and Mrs. Travis Shaw.

Southwest of the square from Sixth street to Tenth, Mrs. J. B. Gamble, Mrs. W. J. Wooten, Mrs. A. H. Pritchard, and Mrs. H. A. Brown.

Around the square, Mrs. T. C. Thompson, Mrs. Harvey Cash, and Mrs. Theo. D. Seay.

East of the highway, Mrs. J. A. Hill and Mrs. H. D. McCaslin.

South of the highway, Mrs. J. C. Barnett, Mrs. Clara Blough, and Mrs. E. V. Holman.

In discussing the clean-up day, members of the Federation stated: "If enough members will think about keeping their alleys clean, once they are cleaned, there will be an improvement in appearance that will be town-wide. A few flies are already passing their cards, looking for convenient locations. Let everyone co-operate with the City Federation of Women's Clubs, Wednesday, April 2, and the flies will be looking up convenient locations outside of the city limits of Canyon."

Boy Scouts to Organize New Scout Troup

According to an announcement made by Scoutmaster West, a second Boy Scout troup will be organized next Friday night. He states that all boys who are interested in joining the new troup meet in the gymnasium of the Ward school building at 7 p. m. Friday.

Eagle Scouts of Amarillo were guests of the Canyon Eagle Scouts in a meeting last Friday night. Plans were discussed for the annual Boy Scout Council to be held in Amarillo in April.

New Linotype Is Installed in Warwick Plant

Installation was completed a few days ago of another Linotype machine in the Warwick Printing company's plant. The plant now has two typesetting machines in operation, which greatly increases the output of the plant and enables to speed up work in general. The Linotype is a model 8, identical to the one already in operation. This, together with other machinery recently installed in the plant permits of a greater volume of work and work covering a wider scope than before.

Miss Lalash Whitaker and Will McCarty visited Miss Whitaker's mother, Miss Less Walker of Big Spring, Sunday.

Absentees Will Be Included in Census Report

The fifteenth decennial census of the United States will be taken during the month of April. The enumeration will be made by a force of about 100,000 enumerators who will go from house to house and secure the information required for the census. Every person is to be enumerated, so far as possible, at his "usual place of abode," or the place where he usually lives. Where individual members of a family are away from home at the time the census is taken they will be reported to the enumerator by other members of the family.

For cases where it is known in advance that the whole family will be away from home at that time, special provision has been made by the director of the census in the form of an absent family schedule which is to be filled out by some responsible member of the family in advance of the census date and transmitted to the local supervisor of the census. A copy of this schedule can be secured by application to Mr. Galen R. Smith, of Amarillo, Texas, who is the census supervisor for this district.

Families planning to be away during the month of April, leaving the home closed or with no one in charge who is qualified to give the census information to the enumerator, are urged to obtain one of these schedules at once and to fill it out and send it to Mr. Smith at the earliest possible date. Of if the house is left in charge of a servant who will be sure to be at home when the enumerator calls, the schedule may be left with such servant for delivery to the enumerator. The information furnished on this schedule will be treated as confidential and will be used only for the tabulation of statistics which will not reveal any information with regard to individuals or families.

Local P. T. A. Plans Health Program Thursday

The regular monthly meeting of the Parent-Teacher Association will be held in the High School Auditorium next Thursday afternoon, March 27, at 4:15. An interesting health program has been prepared, with the assistance of Miss Ridley, Red Cross nurse. It is important that the room mothers hear this program, and some reports that will be given. Everyone is invited, and a special invitation is extended to those of the rural communities who may be interested in the health inspection that will be made by Miss Ridley in the rural schools within the next two weeks. The Canyon P. T. A. is very anxious to co-operate with the schools of the county in the extension of this new phase of school work.

There will be a meeting of all the officers and chairmen of the committees in the superintendent's office at 3:30.

The following program will be rendered:

Invocation.

"How Does the State Protect Childhood and Youth?"—Rev. B. F. Fronabarger.

Health songs—Children, directed by Miss Strain.

Health play—Children, directed by Miss Weiler.

"Care of the Teeth"—Dr. Ing-ham.

A report on the health work by Mr. Carruth will be followed by reports from room mothers who witnessed the inspection in their respective rooms, as well as a report from Mrs. C. E. Strain.

MRS. C. R. FLESHER IS APPOINTED CENSUS TAKER

Mrs. C. R. Flesher has been appointed by the census bureau of this district as enumerator for the city of Canyon. Mrs. Flesher will assume her duties April 1, at which time the census enumeration over the entire nation will begin. It is expected that all census enumerations will be complete within a month's time.

250 Expected At Dairymen's Banquet

Approximately 250 are expected to attend the annual Randall County Dairymen's banquet to be held Friday night.

J. A. Hill, president of the College, and Henry Ansley of Amarillo are among the speakers of the evening. W. H. Upchurch will be the toastmaster at the banquet.

Rain and Snow Bring 1.08 Inches of Moisture

Breaking a drouth of several months' duration, a total of 1.03 inches of rain fell last Friday afternoon and night. The precipitation was increased Tuesday when snow, sleet and rain amounted to .05 of an inch, making a total of 1.08 inches of rainfall in the past week.

The moisture was received with gratitude by the farmers and stockmen over the Panhandle area. Although it is stated that the wheat was not suffering from lack of moisture, the rainfall came at an opportune time to prevent stunted growth because of the lack of needed rain. The rain will be a great help in keeping wheat from being blown out of the ground. Farmers state that no serious damage has been done so far to the wheat, from hard winds and sandstorms.

Stockmen are of the opinion that the pastures will be green within a few days following the rain, with indications for continued warm weather.

A. Cayton To Withdraw From Judge's Race

A. Cayton, who announced early in January as a candidate for the office of County Judge, subject to the Democratic primary in July, made public yesterday, his withdrawal from that race. In giving his reason for withdrawing, Mr. Cayton said:

"From lack of support and encouragement and having become convinced that the part I took in the last Presidential campaign is unpopular in Randall county, and against me in the present race, I've decided to quit and wish to thank the few that have shown and expressed loyalty in my behalf."

"Very truly,
A. CAYTON."

Buffaloes Split Two Games With Trinidad Team

The West Texas Buffaloes, champions of the Texas Intercollegiate Athletic Association, emerged with a win and a loss on their post-season trip into the Rockies.

Playing the Trinidad, Colo., Independents both Monday and Tuesday nights, the Buffaloes met defeat at the hands of the Colorado team Monday night, by a 53-40 score. The tables were turned Tuesday night and the Buffaloes emerged with the long end of the 53-43 count.

A feature of the two games was the unusually high scoring by both teams. Members of the Colorado team, Rossi, Cook, O'Conner, Dain, and Gamel, were former college and high school stars and offered the Buffaloes the strongest competition this season with the exception of the Phillips team, Coach Burton stated. Cook, of Trinidad, was formerly captain of the University of Denver basketball team.

Building Permits Pass \$10,000 Mark

With the issuance of a building permit to L. S. Pool on Monday, the total for the year passed beyond the \$10,000 mark.

This was issued for a tile mercantile building at 2306 Fourth avenue, to cost \$4,000. This brings the total amount of permits issued at the city secretary's office to \$12,030.

STORK SPECIAL

Born—To Mr. and Mrs. Warren Johnson, a girl, Wednesday, March 12.

Large Crowds Are Expected At Trades Day

Heading the list of Trades Day attractions for out-of-town visitors, is the announcement that the Chamber of Commerce will give away a Jersey heifer to someone coming here Monday, March 24, the regular monthly Trades Day.

The committee of the Chamber of Commerce, composed of Carl Laughery, Ray V. Davis, W. A. Pierce and J. W. McDaniel, have announced that all who register Monday will be given a chance at the drawing for the heifer.

Among the other attractions will be various contests which include a peanut rolling contest, a bean carrying contest, a pie eating contest, a rabbit race, and the old fiddlers contest.

It is planned that in the rabbit race the ages for competition shall be limited to 12 years of age. The one who catches the rabbit will be allowed to keep it, besides winning a prize. The rabbits will be of good stock and will be worth any boy's efforts at winning one.

It is expected that a large crowd will be attracted to the old fiddlers contest, which seemed to be the peak in entertainment at the Trades Day in February.

Prizes in the contests will be of \$5, \$3, and \$2. The winners will be given an order good on any merchant in town and it may be exchanged for that amount of merchandise anywhere in Canyon.

The drawing for the Jersey heifer will be somewhat different from anything done by the Trades Day committees in some time past. This within itself should prove worth coming to Canyon on that date.

A place for registering and securing an opportunity at the free drawing will be arranged. In the event that the weather is favorable, such a place will be prepared at the bandstand on the court house lawn. Otherwise, if it is unfavorable, a place will be prepared in the court house. There are no strings attached to the offer for the drawing, the only requirement being that you register. This will entitle you to a free chance to become the owner of a fine Jersey heifer which will in turn become valuable within a short while.

Contests are scheduled to begin at 2 p. m. sharp, and the drawing for the Jersey heifer will be at 4:30 p. m. These arrangements, it is pointed out, will enable the farmers who reside a distance away to take part in the entertainment and the drawing, and get home at a reasonable time in the afternoon. Opportunity to register will be closed at 4 o'clock, so it will be necessary for those who care to register, to do so prior to that time in order to be sure of having a free chance at the grand prize.

The committee announces that no man connected with a business in Canyon, nor his immediate family, will be permitted to register for the drawing.

From all indications the Trades Day, Monday, will be one of the best ever held in Canyon. Merchants are preparing to care for capacity crowds, provided that unfavorable weather does not interfere with the plans already set forth.

Bargains in every line of business are being offered by the Canyon merchants in co-operation with the Chamber of Commerce. It will be to the advantage of persons residing within the Canyon territory to make a special effort to be in Canyon Monday.

Tulia Golfers Trim Canyon Players by 11-8

Canyon golfers took a trimming at the hands of the Tulia Golf Club Sunday afternoon at the Canyon Country Club course, 11 to 8 in a 20 match contest. One match resulted in a tie.

Cavet of Tulia and Reeves of Canyon tied for low scores with 89 each, on twenty holes.

An invitation to the local club men to return the contest was extended by the Tulia men. The invitation was accepted and the date set for March 30.

Approximately 100 people witnessed the contest Sunday afternoon.

JERSEY HEIFER WILL BE GIVEN AWAY MONDAY

Boy Scouts to Organize New Scout Troup

According to an announcement made by Scoutmaster West, a second Boy Scout troupe will be organized next Friday night. He states that all boys who are interested in joining the new troupe meet in the gymnasium of the Ward school building at 7 p. m. Friday.

Eagle Scouts of Amarillo were guests of the Canyon Eagle Scouts in a meeting last Friday night. Plans were discussed for the annual Boy Scout Council to be held in Amarillo in April.

New Linotype Is Installed in Warwick Plant

Installation was completed a few days ago of another Linotype machine in the Warwick Printing company's plant. The plant now has two typesetting machines in operation, which greatly increases the output of the plant and enables to speed up work in general.

The Linotype is a model 8, identical to the one already in operation. This, together with other machinery recently installed in the plant permits of a greater volume of work and work covering a wider scope than before.

Miss Lalah Whitaker and Will McCarty visited Miss Whitaker's mother, Miss Less Walker of Big Spring, Sunday.

Absentees Will Be Included in Census Report

The fifteenth decennial census of the United States will be taken during the month of April. The enumeration will be made by a force of about 100,000 enumerators who will go from house to house and secure the information required for the census. Every person is to be enumerated, so far as possible, at his "usual place of abode," or the place where he usually lives. Where individual members of a family are away from home at the time the census is taken they will be reported to the enumerator by other members of the family.

For cases where it is known in advance that the whole family will be away from home at that time, special provision has been made by the director of the census in the form of an absent family schedule which is to be filled out by some responsible member of the family in advance of the census date and transmitted to the local supervisor of the census. A copy of this schedule can be secured by application to Mr. Galen R. Smith, of Amarillo, Texas, who is the census supervisor for this district.

Families planning to be away during the month of April, leaving the home closed or with no one in charge who is qualified to give the census information to the enumerator, are urged to obtain one of these schedules at once and to fill it out and send it to Mr. Smith at the earliest possible date. Of if the house is left in charge of a servant who will be sure to be at home when the enumerator calls, the schedule may be left with such servant for delivery to the enumerator. The information furnished on this schedule will be treated as confidential and will be used only for the tabulation of statistics which will not reveal any information with regard to individuals or families.

The regular monthly meeting of the Parent-Teacher Association will be held in the High School Auditorium next Thursday afternoon, March 27, at 4:15. An interesting health program has been prepared, with the assistance of Miss Ridley, Red Cross nurse. It is important that the room mothers hear this program, and some reports that will be given. Everyone is invited, and a special invitation is extended to those of the rural communities who may be interested in the health inspection that will be made by Miss Ridley in the rural schools within the next two weeks. The Canyon P. T. A. is very anxious to co-operate with the schools of the county in the extension of this new phase of school work.

Local P. T. A. Plans Health Program Thursday

There will be a meeting of all the officers and chairmen of the committees in the superintendent's office at 3:30.

The following program will be rendered: Invocation.

"How Does the State Protect Childhood and Youth?"—Rev. B. F. Fronabarger.

Health songs—Children, directed by Miss Strain.

Health Play—Children, directed by Miss Weiler.

"Care of the Teeth"—Dr. Ingham.

A report on the health work by Mr. Carruth will be followed by reports from room mothers who witnessed the inspection in their respective rooms, as well as a report from Mrs. C. E. Strain.

"Relation of Physical Defects and Mental Ability"—Harris M. Cook.

Mothers, fathers, teachers, please arrange to be present and learn more of the importance of this great work that is being done now for our children.

MRS. C. R. FLESHER IS APPOINTED CENSUS TAKER

Mrs. C. R. Flesher has been appointed by the census bureau of this district as enumerator for the city of Canyon. Mrs. Flesher will assume her duties April 1, at which time the census enumeration over the entire nation will begin. It is expected that all census enumerations will be complete within a month's time.

250 Expected At Dairymen's Banquet

Approximately 250 are expected to attend the annual Randall County Dairymen's banquet to be held Friday night.

J. A. Hill, president of the College, and Henry Ansley of Amarillo are among the speakers of the evening. W. H. Upchurch will be the toastmaster at the banquet.

Rain and Snow Bring 1.08 Inches of Moisture

Breaking a drouth of several months' duration, a total of 1.03 inches of rain fell last Friday afternoon and night. The precipitation was increased Tuesday when snow, sleet and rain amounted to .05 of an inch, making a total of 1.08 inches of rainfall in the past week.

The moisture was received with gratitude by the farmers and stockmen over the Panhandle area. Although it is stated that the wheat was not suffering from lack of moisture, the rainfall came at an opportune time to prevent stunted growth because of the lack of needed rain. The rain will be a great help in keeping wheat from being blown out of the ground. Farmers state that no serious damage has been done so far to the wheat, from hard winds and sandstorms.

Stockmen are of the opinion that the pastures will be green within a few days following the rain, with indications for continued warm weather.

A. Cayton To Withdraw From Judge's Race

A. Cayton, who announced early in January as a candidate for the office of County Judge, subject to the Democratic primary in July, made public yesterday, his withdrawal from that race. In giving his reason for withdrawing, Mr. Cayton said:

"From lack of support and encouragement and having become convinced that the part I took in the last Presidential campaign is unpopular in Randall county, and against me in the present race, I've decided to quit and wish to thank the few that have shown and expressed loyalty in my behalf."

"Very truly,
A. CAYTON."

Buffaloes Split Two Games With Trinidad Team

The West Texas Buffaloes, champions of the Texas Intercollegiate Athletic Association, emerged with a win and a loss on their post-season trip into the Rockies.

Playing the Trinidad, Colo., Independents both Monday and Tuesday nights, the Buffaloes met defeat at the hands of the Colorado team Monday night, by a 53-40 score. The tables were turned Tuesday night and the Buffaloes emerged with the long end of the 53-43 count.

A feature of the two games was the unusually high scoring by both teams. Members of the Colorado team, Rossi, Cook, O'Conner, Dain, and Gamel, were former college and high school stars and offered the Buffaloes the strongest competition this season with the exception of the Phillips team, Coach Burton stated. Cook, of Trinidad, was formerly captain of the University of Denver basketball team.

Building Permits Pass \$10,000 Mark

With the issuance of a building permit to L. S. Pool on Monday, the total for the year passed beyond the \$10,000 mark.

This was issued for a tile mercantile building at 2306 Fourth avenue, to cost \$4,000. This brings the total amount of permits issued at the city secretary's office to \$12,030.

STORK SPECIAL

Born—To Mr. and Mrs. Warren Johnson, a girl, Wednesday, March 12.

Large Crowds Are Expected At Trades Day

Heading the list of Trades Day attractions for out-of-town visitors, is the announcement that the Chamber of Commerce will give away a Jersey heifer to someone coming here Monday, March 24, the regular monthly Trades Day.

The committee of the Chamber of Commerce, composed of Carl Laughery, Ray V. Davis, W. A. Pierce and J. W. McDaniel, have announced that all who register Monday will be given a chance at the drawing for the heifer.

Among the other attractions will be various contests which include a peanut rolling contest, a bean carrying contest, a pie eating contest, a rabbit race, and the old fiddlers contest.

It is planned that in the rabbit race the ages for competition shall be limited to 12 years of age. The one who catches the rabbit will be allowed to keep it, besides winning a prize. The rabbits will be of good stock and will be worth any boy's efforts at winning one.

It is expected that a large crowd will be attracted to the old fiddlers contest, which seemed to be the peak in entertainment at the Trades Day in February.

Prizes in the contests will be of \$5, \$3, and \$2. The winners will be given an order good on any merchant in town and it may be exchanged for that amount of merchandise anywhere in Canyon.

The drawing for the Jersey heifer will be somewhat different from anything done by the Trades Day committees in some time past. This within itself should prove worth coming to Canyon on that date.

A place for registering and securing an opportunity at the free drawing will be arranged. In the event that the weather is favorable, such a place will be prepared at the stand on the court house lawn. Otherwise, if it is unfavorable, a place will be prepared in the court house. There are no strings attached to the offer for the drawing, the only requirement being that you register. This will entitle you to a free chance to become the owner of a fine Jersey heifer which will in turn become valuable within a short while.

Contests are scheduled to begin at 2 p. m. sharp, and the drawing for the Jersey heifer will be at 4:30 p. m. These arrangements, it is pointed out, will enable the farmers who reside a distance away to take part in the entertainment and the drawing, and get home at a reasonable time in the afternoon. Opportunity to register will be closed at 4 o'clock, so it will be necessary for those who care to register, to do so prior to that time in order to be sure of having a free chance at the grand prize.

The committee announces that no man connected with a business in Canyon, nor his immediate family, will be permitted to register for the drawing.

From all indications the Trades Day, Monday, will be one of the best ever held in Canyon. Merchants are preparing to care for capacity crowds, provided that unfavorable weather does not interfere with the plans already set forth.

Bargains in every line of business are being offered by the Canyon merchants in co-operation with the Chamber of Commerce. It will be to the advantage of persons residing within the Canyon territory to make a special effort to be in Canyon Monday.

Tulia Golfers Trim Canyon Players by 11-8

Canyon golfers took a trimming at the hands of the Tulia Golf Club Sunday afternoon at the Canyon Country Club course, 11 to 8 in a 20 match contest. One match resulted in a tie.

Cavet of Tulia and Reeves of Canyon tied for low scores with 89 each, on twenty holes.

An invitation to the local club men to return the contest was extended by the Tulia men. The invitation was accepted and the date set for March 30.

Approximately 100 people witnessed the contest Sunday afternoon.

WHEN A BOY KNOWS MORE THAN HIS FATHER

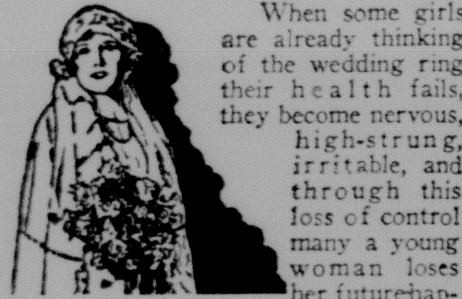

Sometimes a boy does know more than his father.

Ours would have been a very different history if Abe Lincoln, age 16 or so, had been guided by the wisdom of Thomas Lincoln, age 36. "Now, Abe," we can imagine him saying, "don't waste time readin' them books. Readin' never done me any good, and what was good enough for me's good enough for you."

Lincoln knew more than his father. It was a divine disobedience that led him to close his ears to the man who had brought him into the world, and open his heart to the vision that was to help him conquer the world.

The boy who has not some firm convictions, and a willingness to defend them, even against the arguments of those older than himself, is not likely to amount to

Many Weddings in Sight

When some girls are already thinking of the wedding ring their health fails, they become nervous, high-strung, irritable, and through this loss of control many a young woman loses her future happiness. As a tonic at this time, and in motherhood or in middle life, there is nothing to equal Dr. Pierce's Favorite Prescription.

"I was suffering with my back, headache and nervousness, but by the time I had taken two bottles of the 'Prescription' I felt a thousand times better."—Mrs. B. W. Cummings, 514 Bryant Ave., Fort Worth, Texas. (Dealers.) Write Dr. Pierce's Clinic in Buffalo, N. Y., for medical advice, free.

much.

But there must be convictions, not mere prejudices, not selfish impulses or passions.

I know two men who "knew more" than their fathers.

One boy is the office manager of a large manufacturing concern, and his salary is \$40 a week.

"Better go on in school," said his father to him when he was 17 years old. "Better go to college; better get all the education you can while you have the chance."

But the boy quit school and went to work.

"You see that man?" said the president of his concern to me the other day. "There is a man who might have become general manager of this business if he had had a college education. His salary might have been \$20,000 a year; instead it's \$2,000. He's reached his limit. What a shame that he hasn't the education to go on."

He "knew more" than his father; and his boyish obstinacy is costing him \$18,000 a year.

"Keep yourself clean, my son," said the father of another boy. "You'll never regret it. And some day you'll thank heaven that you did."

But the boy knew more than his father. He knew that every young man who is worth his salt must sow his wild oats.

So he sowed right merrily. I saw him the other day. He came to me about getting a job.

I could not give him a job: no man could. God knows what will become of him.

YOUTH is the mainspring of the world.

Its insurgency, its inquisitiveness, its eagerness to try the untried and do the impossible, drives the world forward in spite of the conservatism of the age.

Fortunate are those of us who recognize the divine importance of youth's cocksureness and conceit, and yet know how, gently and appreciatively, to temper it with the ripper judgment of ripper years.

I Feel Like a Different Person Since Taking Orgatone (Argotane) Says Amarillo Man.

"For several months before I found out about this Orgatone (Argotane) I simply wasn't worth a nickel so far as my health was concerned," said W. H. Russell, a well known employee for the Louis H. Smith Tire Shop, who lives at 1303-A Washington Street, Amarillo.

"I was in a general run-down condition," he continued, "had no appetite and in a few months time had gone down in weight from one hundred and fifty to one hundred and thirty-five. I nearly always had a nauseated feeling after eating and my liver was sluggish. I did not rest well at nights and would wake in the mornings with that tired sluggish feeling and would just have to pull myself out of bed. In fact, I just felt all worn out and good for nothing most of the time."

"I am just on my third bottle of Orgatone (Argotane) and I never thought of it doing me so much good in so short a time. I can eat anything I want and that sick, nauseated feeling has disappeared. My food seems to digest and I am gaining in weight and strength right along. My stomach is beginning to feel like a new one, and my nerves are in better shape than they have been for some time and I can do my work without feeling all tired and worn out like I did. I am feeling like a different person already and I never saw the equal of Orgatone (Argotane), and I am glad to tell others about the medicine that is doing so much for me."

Genuine Orgatone (Argotane) may be bought in Canyon at the Jarrett Drug Store.

VALUE OF LITTLE THINGS

The story is being told of a lazy young man who got a job on an English railroad. He started "at the bottom," but didn't like the hard work. He asked the management for a "thinking job," and was told that if he would think of one idea a year which would save the company money they would give him a salary proportioned to what he saved them. After a week he came back with his first great idea. He had noticed that all the rolling stock of the road bore the initials of the Great Western Railway in gilt letters. Anybody could tell by looking at them, he said, that they belonged to a railway, so why paint the unnecessary "R"? The company officials, whose head is an American, by the way, had an estimate made, and found that they could save \$35,000 a year by using "G. W." instead of "G. W. R." So the lazy young man's salary is \$3,000 a year.

A famous economist once calculated that one inch added to the shirt-tail of every inhabitant of China would make some millions of profit annually for the Manchester cotton mills. A boy in the stationery room of a big manufacturing concern worked out a plan for reducing all printed forms to a few standard sizes and grades of paper, saving the company \$25,000 a year. When the first Ford car to cross the Rocky Mountains under its own power came back to the factory, Mr. Ford noticed that one bolt was missing. He learned that it had been lost east of Denver. "We don't need it, then," he said. The car design was changed to omit the unnecessary bolt, costing four or five cents to make and install. The saving on the next twelve million Model T's was more than half a million dollars.

Sometimes it pays to spend money liberally. It always pays to cut off unnecessary expense.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueller pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Chevrolet announces

A NEW

SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.

2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.

3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.

4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.

5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Chevrolet announces

A NEW

SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.

2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.

3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.

4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.

5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations!

In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

A clear skin is irresistible!

You can feel the rejuvenating effect S.S.S. brings the body by the increase of red-blood cells

A clear, smooth, lovely skin enhances personal attractiveness. Men admire it. Women praise and secretly envy. More happiness and friends may depend upon it.

YOUR popularity may depend upon a clear, smooth, lovely skin. It is the accepted way of telling the degree of health a person possesses. Naturally a skin which bespeaks health attracts.

Skilled physicians recognize the appearance of skin blemishes, lack of appetite, flabby flesh and loss of energy as an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

The way to the skin is through the blood. Strong, healthy blood

nourishes the body and promotes smooth, clear skin.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to infection and disease, improving the appetite, building firm flesh and clearing the skin.

S.S.S. promotes healthy body building. It increases the number of red-blood-cells. It is made from strictly fresh vegetable drugs and has a successful record of over 100 years back of it.

S.S.S.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

No Relief So Quick! Stomach Gas Pains

Indigestion, Bloating

Don't wait another day—don't suffer another moment—eat everything you want now without a sign of indigestion, gas, bloating or dizziness. The right way—the time-proven way to get quick relief from weak ailing stomachs and get back health and strength is thru the use of Tanlac.

Just a tablespoon of this reliable medicine before meals is almost an absolute guarantee that you will have no after-eating misery. But Tanlac is not intended to give temporary relief only. Its object is a banishment of those troubles which have kept you so miserable. These claims for Tanlac are based on a record of over 10 years' success. One man says he lived on milk and raw eggs for 3 months and had lost all his strength but after taking Tanlac for only 3 days he began to eat everything and gain strength. If you doubt that Tanlac will benefit you, you have the privilege of going to your druggist, purchasing a bottle and if, after using it you are not benefited greatly your money will be refunded. Accept no substitute.

ELECTRICAL POWER

The power today that economically drives huge derricks, excavators, motors, sewing machines, elevators and other implements of constructions and manufacture, is electrical power. This mighty giant of commerce and industry is today the vital force of energy wherever people are gathered together. Its manipulation and uses are so varied and diversified that people scarcely realize its total value. Such a commodity as electricity—important as it is—must be furnished in all quantities and at all times. The demand for it may be just enough to light the smallest bulb, or drive the largest motor. However, small or large the demand, it must be supplied economically and constantly. Texas Utilities strive to produce electricity for the greatest number of people at the lowest possible cost per customer.

Mrs. H. E. Dain, of Smithville, Feted on Visit to This City

One of the most popular Canyon visitors this week is Mrs. H. E. Dain of Smithville, Texas, who is a guest of Mrs. Laura Saunders and in whose honor a number of delightful social affairs have been given. The St. Patrick's Day motif was selected by several of the hostesses and the decorations were an attractive feature of each event.

MRS. SAUNDERS IS HOSTESS
Mrs. Laura Saunders was a charming hostess Monday evening when she entertained with bridge honoring Mrs. Dain. The St. Patrick's Day motif was attractively carried out in the entertaining suite, tallies, and score cards. Delicious refreshments were served at an appropriate hour.

The guest list included the following: Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. Harris Cook, Mr. and Mrs. L. A. Osgood, Mr. and Mrs. J. J. Walker, Mr. and Mrs. J. A. Hill, Mr. and Mrs. F. E. Savage, Mr. and Mrs. L. F. Sheffy, Dr. and Mrs. C. A. Pierle, Miss Novella Goodman, Miss Bertha Stevens, Miss Ada V. Clark, Miss Elva Fronabarger, Miss Hattie M. Anderson, Miss Marian Normington, Miss Darthula Walker, Miss Isabel Robinson, Miss Mattie Swayne, Miss Ruby

Jean Barksdale, Miss Ruth Cross, Miss Anna Hibbets, Miss Mary Adeline Lamb, Miss Jennie C. Ritchie, Miss Cleo Holmes, Miss Tennessee Malone, Miss Edna Graham, Miss Elizabeth Cox, and Miss Margaret Boulware, both of Amarillo.

MISS HIBBETS GIVES TEA
On Tuesday afternoon Mrs. Dain was guest of honor at a tea given by Miss Anna I. Hibbets at the Kerr house, from 4:30 until 5:30. Green and white were used in developing the decorations in the entertaining rooms, and were repeated in the refreshment course. Mrs. J. A. Hill presided at the tea table.

Invited guests included: Mrs. C. A. Murray, Mrs. R. P. Jarrett, Mrs. Henrietta Scott, Mrs. Geraldine Green, Mrs. L. G. Allen, Mrs. Albert Barnett, Mrs. L. S. Baker, Mrs. H. M. Cook, Mrs. Herschel Coffee, Mrs. S. H. Condon, Mrs. J. L. Dufort, Mrs. Rudolph Fox, Mrs. T. B. McCarter, Mrs. F. R. Phillips, Mrs. Travis Shaw, Mrs. Marion Witt, Mrs. T. V. Reeves, Mrs. Laura Saunders, Mrs. D. A. Shirley, Mrs. C. E. Strain, Mrs. R. A. Terrill, Mrs. T. H. McDonald, Mrs. Tommy Montfort, Mrs. Wallace Clark, Mrs. J. S. Humphreys, Mrs.

OSGOODS ENTERTAIN
Mr. and Mrs. L. A. Osgood delightfully entertained Tuesday evening with bridge complimenting Mrs. Dain. The entertaining suite was gay with spring flowers, and delicate pastel shades were featured in the bridge table accessories.

Delectable refreshments were served to the following: Mrs. Dain, honor guest, Miss Anna I. Hibbets, Miss Darthula Walker, Miss Hattie Anderson, Miss Isabel Robinson, Miss Jennie C. Ritchie, Miss Edna Graham, Miss Novella Goodman, Miss Bertha Stevens, Miss Helen White Moore, Miss Alice Dawes, Miss Mattie Swayne, Mrs. Tommy Montfort, and Mrs. Laura Saunders, and Dr. H. G. Grainger.

HUMPHREYS GIVE DINNER
Mr. and Mrs. J. S. Humphreys entertained with an exquisitely appointed small dinner party honoring the visitor, Mrs. Dain, Wednesday evening.

Guests at this entertaining affair included: Mrs. Dain, the honoree; Miss Hattie M. Anderson, Miss Anna I. Hibbets, Mrs. Laura Saunders, Mrs. Tommy Montfort, and Miss Jennie C. Ritchie.

RUTH ANDERSON VISITS FRIENDS HERE SUNDAY
Miss Ruth Dewey Anderson, a student at Scarritt Bible college at Nashville, Tenn., was in Canyon Sunday as a guest in the home of Mrs. E. C. Braudt. Miss Anderson is well known in the city, being a graduate of West Texas State Teachers College with the class of 1926.

Miss Anderson will receive her master's degree from Scarritt college in June and from there will go to Brazil to do missionary work. She attended the twentieth annual Methodist Women's Missionary council, which met in Amarillo the past week and was a member of the class of graduates who were consecrated at the closing session of the council Tuesday evening.

MRS. BRAUDT HONORS GUEST
Mrs. E. C. Braudt gave a tea Sunday afternoon honoring her guest, Miss Ruth Dewey Anderson, of Nashville, Tenn. A number of friends attended and spent a pleasant social hour.

Miss Anderson is a student at Scarritt Bible college and on completing her work there will do missionary work in Brazil.

BRIDGE CLUB MEETS
Mrs. Frank R. Phillips was hostess to the members of the 1925 Bridge Club and a number of guests Wednesday afternoon at her home, 2104 Fifth avenue. Pot plants and flowers decorated the entertaining rooms.

A delicious salad course was

served to the club members and the following guests: Mrs. Joe Gamble, Mrs. Lottie Williams, Mrs. C. A. Pierle, Mrs. N. E. McIntire, Mrs. Clarence Thompson, Mrs. J. M. Lybrand, Mrs. F. E. Savage, Mrs. Annie V. McCarty, Mrs. Dan Usery, Mrs. W. J. Kleinschmidt, Miss Nora McCarty, and Mrs. Pat Whittington of Amarillo.

MRS. SIKES AND MISS FRIEZE ENTERTAIN BUSINESS WOMEN
One of the gayest social affairs of the spring season took place Wednesday evening when Mrs. J. B. Sikes and Miss Lorena Frieze entertained the members of the Business Women's Club and a number of guests at the home of the latter's sister, Mrs. George A. Farlow, 1913 Fifth avenue. Bridge was the chosen diversion of the evening.

Green and white in the St. Patrick's Day motif was artistically developed in the entertaining suite and the tallies and score card accessories of the six tables arranged for the guests. Players located their partners at the beginning of the play by matching well known articles of merchandise with their corresponding slogans. At the conclusion of the games, amusing favors of tiny surprise packages were drawn by the guests from a green hat. The delicious refreshment plate was attractive with decorations of shamrocks and mint cups in the form of tiny hats in the favored colors.

Guests and club members present included: Mrs. Robert Foster, Mrs. Vincent Shuman, Mrs. A. E. Terry, Mrs. E. L. Braudt, Mrs. Berl Mayfield, Mrs. J. J. Walker, Mrs. Earl Robbins, Mrs. Alvin McDonald, Mrs. W. A. Warren, Mrs. J. F. Nevins, Mrs. T. C. Thompson, Miss Lillian Atkins, Miss Agnes Meyers, Miss Gladys Beavers, Miss Olive Schramm, Miss Minnie McCarty, Miss Agnes Elliston, Miss Lillian Donnell, Miss Adeline Strain, Miss Edith Wiggins, Miss Bernice Parker, Miss Katie Calloway, Miss Jewel Bibbes, and Miss Emil Brewer.

BRIDGE CLUB ENTERTAINED
Mrs. Tom Knighton and Mrs. Travis Shaw entertained the members of the Friday Afternoon Bridge Club at the home of the latter, 1908 Sixth avenue, Thursday afternoon.

Four tables of guests were present and the playing began at 3 o'clock. Delectable refreshments were served by the hostesses at the tea hour.

CLUB TO MEET
Members of the Woman's Book Club will meet Wednesday, March 26, in regular session in the Federated Club room in the court house, with Mrs. Elizabeth Page as chairman of the program committee. The lesson will be on literature and prose and promises to be exceptionally interesting as well as enlightening. Every member is urged to attend.

RUPTURE EXPERT HERE
E. J. Meinhardt, of Chicago, the well-known Rupture Shield Expert, will personally be at the Amarillo Hotel, Amarillo, Texas, on Tuesday and Wednesday, March 25th and 26th, from 10:00 a. m. to 4:00 p. m. daily.

Mr. Meinhardt is highly recommended by thousands of satisfied customers. Take advantage of this opportunity to see him as he will not visit any other city in this section at this time. There is no charge for consultation and demonstration. This appliance is for men only.

Mr. Meinhardt says: "The 'Meinhardt Rupture Shield' not only retains the Rupture perfectly, but it also contracts the opening in ten days in the average case, regardless of the size or location of the rupture."

The "Meinhardt Rupture Shield" has no understraps. It is perfectly sanitary, practically indestructible, and may be worn while bathing. Rupture often causes Stomach Trouble, Backache, Constipation, nervousness, and other ailments which promptly disappear after the Rupture is properly retained. "You Can Turn a Farmall on a Dime and Have Nine Cents Left Over!"

"YOU can turn it on a dime!" We often hear that said about the McCormick-Deering Farmall. There never was anything like it for getting around fast and easy in cramped space. It has the original exclusive patented square-turn feature found in no other tractor, bar none.

We have never turned it on a dime but here's what we will show you—a Farmall with 4-row cultivator and also with a 7-ft. Farmall mower, working and turning in a patch of ground 20 by 40 feet. That one-fiftieth of an acre! Did you ever see any other tractor that could do much more than stand still on that?

tractor on the market. In the field you are 300 feet down the next furrow or grain-side while a clumsy tractor is making its slow loop-turn. One rear wheel stops to help you turn a close corner, and that comes mighty handy the year around.

Farmall belongs on just about any farm. It works on all jobs—belt, drawbar, and power take-off—and on all crops, even to the planting of corn, cotton, potatoes and other row crops. Many men are using Farmalls on little and big farms alike, without a single horse on the place.

Come and see us demonstrate these things. Drive the Farmall yourself.

Dry Goods Stores	Telephone Company	Hotels
Automobile Agencies	Furniture Store	Dairies
Chamber of Commerce	Blacksmith Shop	Novelty Store

We subscribe to the Chamber of Commerce, to every charity and civic move; Churches, Red Cross, Salvation Army, and have always done so. We spend hundreds of dollars in Canyon with Canyon people.

We, W. A. Pierce and J. R. Bain, own Piggly Wiggly in Canyon lock, stock and barrel. Our Piggly Wiggly fixtures are patent fixtures. We pay a small patent right just as we pay a patent right on our adding machine, automobile, wrist watch, lighting fixtures, as everyone pays for modern conveniences that people have today.

The name "PIGGLY WIGGLY" in front of our store only gives us a buying power. With it we save the people money on the food they buy. **WE ARE HOME MERCHANTS, HAVE ALWAYS BEEN, HAVE ALWAYS KEPT OUR MONEY IN CANYON, AND OWN OUR HOME HERE. WE ARE GOING TO CONTINUE TO SERVE THE PEOPLE IN THE SAME WAY WE HAVE ALWAYS DONE.**

YOU CANNOT FOOL THE PEOPLE. THEY KNOW THAT THE MAN WHO SAVES THEM MONEY IS THEIR FRIEND.

It has been reported that Mr. Pierce has sold his interest in Piggly Wiggly. That is a mistake. Mr. Cooper has come to us as Manager, and his family and all his interests will be here as soon as school is out at Hedley, Texas.

Mrs. H. E. Dain, of Smithville, Feted on Visit to This City

One of the most popular Canyon visitors this week is Mrs. H. E. Dain of Smithville, Texas, who is a guest of Mrs. Laura Saunders and in whose honor a number of delightful social affairs have been given. The St. Patrick's Day motif was selected by several of the hostesses and the decorations were an attractive feature of each event.

MRS SAUNDERS IS HOSTESS

Mrs. Laura Saunders was a charming hostess Monday evening when she entertained with bridge honoring Mrs. Dain. The St. Patrick's Day motif was attractively carried out in the entertaining suite, tallies, and score cards. Delicious refreshments were served at an appropriate hour.

The guest list included the following: Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. Harris Cook, Mr. and Mrs. L. A. Osgood, Mr. and Mrs. J. J. Walker, Mr. and Mrs. J. A. Hill, Mr. and Mrs. F. E. Savage, Mr. and Mrs. L. F. Sheffy, Dr. and Mrs. C. A. Pierle, Miss Novella Goodman, Miss Bertha Stevens, Miss Ada V. Clark, Miss Elva Fronabarger, Miss Hattie M. Anderson, Miss Marian Normington, Miss Darthula Walker, Miss Isabel Robinson, Miss Mattie Swayne, Miss Ruby

Jean Barksdale, Miss Ruth Cross, Miss Anna Hibbets, Miss Mary Adeline Lamb, Miss Jennie C. Ritchie, Miss Cleo Holmes, Miss Tennessee Malone, Miss Edna Graham, Miss Elizabeth Cox, and Miss Annie McDonald and Miss Margaret Boulware, both of Amarillo.

MISS HIBBETS GIVES TEA

On Tuesday afternoon Mrs. Dain was guest of honor at a tea given by Miss Anna I. Hibbets at the Kerr house, from 4:30 until 5:30. Green and white were used in developing the decorations in the entertaining rooms, and were repeated in the refreshment course. Mrs. J. A. Hill presided at the tea table. Invited guests included: Mrs. C. A. Murray, Mrs. R. P. Jarrett, Mrs. Henrietta Scott, Mrs. Geraldine Green, Mrs. L. G. Allen, Mrs. Albert Barnett, Mrs. L. S. Baker, Mrs. H. M. Cook, Mrs. Herschel Coffee, Mrs. S. H. Condon, Mrs. J. L. Duffot, Mrs. Rudolph Fox, Mrs. T. B. McCarter, Mrs. F. R. Phillips, Mrs. Travis Shaw, Mrs. Marion Witt, Mrs. T. V. Reeves, Mrs. Laura Saunders, Mrs. D. A. Shirley, Mrs. C. E. Strain, Mrs. R. A. Terrill, Mrs. T. H. McDonald, Mrs. Tommy Montfort, Mrs. Wallace Clark, Mrs. J. S. Humphreys, Mrs.

W. E. Lockhart, Mrs. M. Moss Richardson, Miss Florence McMurtry, Miss Hazel Allen, Miss Agnes Charlton, Miss Eulalie LaCaze, Miss Bessie Engle, Miss Elizabeth Cox, Miss Eva Fronabarger, Miss Darthula Walker, Miss Marian Normington, Miss Ruby Jean Barksdale, Miss Hattie Anderson, Miss Isabel Robinson, and Miss Ruth Cross.

OSGOODS ENTERTAIN

Mr. and Mrs. L. A. Osgood delightfully entertained Tuesday evening with bridge complimenting Mrs. Dain. The entertaining suite was gay with spring flowers, and delicate pastel shades were featured in the bridge table accessories.

Delectable refreshments were served to the following: Mrs. Dain, honor guest, Miss Anna I. Hibbets, Miss Darthula Walker, Miss Hattie Anderson, Miss Isabel Robinson, Miss Jennie C. Ritchie, Miss Edna Graham, Miss Novella Goodman, Miss Bertha Stevens, Miss Helen White Moore, Miss Alice Dawes, Miss Mattie Swayne, Mrs. Tommy Montfort, and Mrs. Laura Saunders, and Dr. H. G. Grainger.

HUMPHREYS GIVE DINNER

Mr. and Mrs. J. S. Humphreys entertained with an exquisitely appointed small dinner party honoring the visitor, Mrs. Dain, Wednesday evening.

Guests at this entertaining affair included: Mrs. Dain, the honoree; Miss Hattie M. Anderson, Miss Anna I. Hibbets, Mrs. Laura Saunders, Mrs. Tommy Montfort, and Miss Jennie C. Ritchie.

RUTH ANDERSON VISITS FRIENDS HERE SUNDAY

Miss Ruth Dewey Anderson, a student at Scarritt Bible college at Nashville, Tenn., was in Canyon Sunday as a guest in the home of Mrs. E. C. Braudt. Miss Anderson is well known in the city, being a graduate of West Texas State Teachers College with the class of 1926.

Miss Anderson will receive her master's degree from Scarritt college in June and from there will go to Brazil to do missionary work. She attended the twentieth annual Methodist Women's Missionary council, which met in Amarillo the past week and was a member of the class of graduates who were consecrated at the closing session of the council Tuesday evening.

MRS. BRAUDT HONORS GUEST

Mrs. E. C. Braudt gave a tea Sunday afternoon honoring her guest, Miss Ruth Dewey Anderson, of Nashville, Tenn. A number of friends attended and spent a pleasant social hour.

Miss Anderson is a student at Scarritt Bible college and on completing her work there will do missionary work in Brazil.

BRIDGE CLUB MEETS

Mrs. Frank R. Phillips was hostess to the members of the 1925 Bridge Club and a number of guests Wednesday afternoon at her home, 2104 Fifth avenue. Pot plants and flowers decorated the entertaining rooms.

A delicious salad course was

served to the club members and the following guests: Mrs. Joe Gamble, Mrs. Lottie Williams, Mrs. C. A. Pierle, Mrs. N. E. McIntire, Mrs. Clarence Thompson, Mrs. J. M. Lybrand, Mrs. F. E. Savage, Mrs. Annie V. McCarty, Mrs. Dan Usery, Mrs. W. J. Kleinschmidt, Miss Nora McCarty, and Mrs. Pat Whittington of Amarillo.

MRS. SIKES AND MISS FRIEZE ENTERTAIN BUSINESS WOMEN

One of the gayest social affairs of the spring season took place Wednesday evening when Mrs. J. B. Sikes and Miss Lorena Frieze entertained the members of the Business Women's Club and a number of guests at the home of the latter's sister, Mrs. George A. Farrow, 1913 Fifth avenue. Bridge was the chosen diversion of the evening.

Green and white in the St. Patrick's Day motif was artistically developed in the entertaining suite and the tallies and score card accessories of the six tables arranged for the guests. Players located their partners at the beginning of the play by matching well known articles of merchandise with their corresponding slogans. At the conclusion of the games, amusing favors of tiny surprise packages were drawn by the guests from a green hat. The delicious refreshment plate was attractive with decorations of shamrocks and mint cups in the form of tiny hats in the favored colors.

Guests and club members present included:

Mrs. Robert Foster, Mrs. Vincent Shuman, Mrs. A. E. Terry, Mrs. E. L. Braudt, Mrs. Berl Mayfield, Mrs. J. J. Walker, Mrs. Earl Robbins, Mrs. Alvin McDonald, Mrs. W. A. Warren, Mrs. J. F. Nevins, Mrs. T. C. Thompson, Miss Lillian Atkins, Miss Agnes Meyers, Miss Gladys Beavers, Miss Olive Schramm, Miss Minnie McCarty, Miss Agnes Elliston, Miss Lillian Donnell, Miss Adaline Strain, Miss Edith Wiggins, Miss Bernice Parker, Miss Katie Calloway, Miss Jewel Bibbes, and Miss Emil Brewer.

BRIDGE CLUB ENTERTAINED

Mrs. Tom Knighton and Mrs. Travis Shaw entertained the members of the Friday Afternoon Bridge Club at the home of the latter, 1908 Sixth avenue, Thursday afternoon.

Four tables of guests were present and the playing began at 3 o'clock. Delectable refreshments were served by the hostesses at the tea hour.

CLUB TO MEET

Members of the Woman's Book Club will meet Wednesday, March 26, in regular session in the Federated Club room in the court house, with Mrs. Elizabeth Page as chairman of the program committee. The lesson will be on literature and prose and promises to be exceptionally interesting as well as enlightening. Every member is urged to attend.

RUPTURE EXPERT HERE

E. J. Meinhardt, of Chicago, the well-known Rupture Shield Expert, will personally be at the Amarillo Hotel, Amarillo, Texas, on Tuesday and Wednesday, March 25th and 26th, from 10:00 a. m. to 4:00 p. m. daily.

Mr. Meinhardt is highly recommended by thousands of satisfied customers. Take advantage of this opportunity to see him as he will not visit any other city in this section at this time. There is no charge for consultation and demonstration. This appliance is for men only.

Mr. Meinhardt says: "The 'Meinhardt Rupture Shield' not only retains the Rupture perfectly, but it also contracts the opening in ten days in the average case, regardless of the size or location of the rupture."

The "Meinhardt Rupture Shield" has no understraps. It is perfectly sanitary, practically indestructible, and may be worn while bathing. Rupture often causes Stomach Trouble, Backache, Constipation, nervousness, and other ailments which promptly disappear after the Rupture is properly retained. Thousands of deaths occurring annually from strangulated rupture can be avoided.

NUMBER 24

CACTUS CAL

I'll pause long enough in the midst of my deep study to say a few words. This is the Freshman issue and I tried to get someone to write this for me, but they all seem to be as lazy as I am; I'll take that back, but they are awfully lazy, just the same.

I think I have been with this almost long enough to start predicting weather but I believe I'll wait until there's not as much chance of it turning cold. But if I had been predicting I would have predicted rain for Friday and Friday night. And it might be warm this week, too; I wouldn't be sure, though.

You ought to see the pruning job the agriculture class did on those trees out behind the school house. I was dumb enough to think we were going to pick prunes when somebody mentioned pruning, but luckily I kept my mouth shut (I might have swallowed a prune tree).

Nurse Tells

How
CARDUI
Helped Her

Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes: "I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can."

"I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

Place High in Play
Contest Here Friday

"There Was Light" is the title of the play that Canyon High is going to enter in the interscholastic play contest that is to be held here next week end, the twenty-first and twenty-second of this month. This play was given in assembly last Thursday. The student body and faculty greatly enjoyed it and were very enthusiastic over the coming contest.

Canyon's play "There Was Light," does not contain much vivid action but requires real talent to portray the characters in a way to put them over. Clarice Mathews, a rich woman, dissatisfied, spoiled, is very good. Dorothy Cash in the role of the girl is also noticeable. Raymond Schmitz has a business role which he handles quite well. Gwendolyn Black is certainly well suited to her role as nurse. This cast has been working on this play for quite a while.

For a number of years the interscholastic play contest has been held in Canyon. Last year Tulia took first place and Canyon took second place. This year Canyon intends to have first if possible.

SENIORS OF 1933

The seniors of this year have accomplished much, and we wish to give them credit for everything that they have done; as we have no desire to be unfair in our judgment. We will all be very proud of the velvet curtain which they are going to give the school, but when we are seniors, in 1933, we shall contribute as our gift, high speed elevators to carry the students from one floor to another between classes.

To raise money, we shall give an opera which shall be practiced until it is perfect, rather than a carnival. We believe we have talented girls in the freshman class who will develop into real prima donnas, such as Mary Garden and Marion Talley. We have boys whose voices, if developed, could be compared with such singers as John McCormack, Rudy Vallee and Don Jose Mojica. These are: Robert Black, Pat McCormick, Elvert Laughery, R. J. Hurst, Jack Downing, H. B. Owen, Louise Elkins, Marie Landress, Maxine Middleton, and Margery Tankersley.

Can you imagine a group of seniors who cannot raise enough votes to get their king and queen elected? When we are seniors we will not allow such an occurrence.

If we catch one of our seniors so losing his dignity as to play marbles with the boys of the grades, as some of the seniors now do, he shall be immediately punished.

PROSPECTIVE FRESHMEN

Canyon High School is expecting, next year, a freshman class of at least seventy members.

The seventh grade is now made up of thirty-eight girls and twenty-five boys, who have already demonstrated their pep and enthusiasm by the excellent work they are doing.

Many are taking a part on the ball teams in the intramural contests.

They are now planning a picnic and looking forward to graduation.

What Freshmen Do

Days of work with enough fun to keep dullness away have made this year for the freshmen.

The work of the freshman class has been varied and interesting. The study of "Current Events" has been enjoyed by the two sections of history. They have been studying about Carlsbad Caverns, the Byrd expedition, and the conference in London. They have taken imaginary trips back to the fall of Rome, Constantinople, and Jerusalem.

Seven freshmen are taking Latin and eight Spanish. The students enjoy taking foreign languages, as the teachers let them play sentence and ending games. The Latin Club entertained the Latin students of the training school last December and the Latin and Spanish clubs will entertain in chapel soon.

Most of the freshman girls are taking home economics. During the first semester they learned how to cook biscuits, cakes, and puddings. The chapel program given by the home economics girls was enjoyed by the freshman class as two of the freshman girls, Louise Wester and Margery Tankersley, were in it.

The boys in manual training, under Coach Spann, have made tables and stools, and a beautiful cedar chest.

The boys and girls who are taking general science, have found this subject of general interest. They have made project books of aircraft, ideal homes, fire departments, and sleds. They are studying frogs; different kinds of fish, which they have preserved; and they have an aquarium of gold fish.

The freshmen feel that they have met their Waterloo when they go to algebra class. They find that algebra is all work and no play.

Miss Hammond has the most difficult task of all, that of teaching the freshmen English. However, they all like for her to talk to them about the punctuation family and live in hopes of some day really knowing this family.

Like all other high school students the freshmen must have their fun. At the first of the school term a party was given by them, at the home of Elvert Laughery, March 7. Louise Elkins gave a party for her friends in the freshman and sophomore classes. Everyone reported a good time. The freshmen are now looking forward to a "forty-two" party some time in the near future.

TEN COMMANDMENTS
IN ENGLISH

1. Thou shalt not prefer other subjects before me.
2. Thou shalt not use a pencil, neither shalt thou use colored ink or fancy paper.
3. Thou shalt not use any mark of punctuation wrongfully; if so, thy teacher will not hold thee guiltless.
4. Remember thou shalt always keep thy marbles in thy pocket.
5. Honor thy dictionary and use it freely, for in all thy writing thou shalt not misspell.
6. Thou shalt not use words, phrases or dependent clauses as sentences.
7. Thou shalt not fail to hand thy theme in on time.
8. Thou shalt not cheat.
9. Thou shalt not forget thy poetry reading.
10. Thou shalt not neglect thy spoken English, for thy friends know thee by thy words.

Famed Louisiana
Negro Minstrel
To Be Here Soon

The Louisiana Negro Minstrel is coming to Canyon, March 28. Don't miss it! Never before in the history of Canyon have you had the opportunity to see so many negroes.

There will be tall negroes, slim negroes, short negroes, fat negroes, old negroes, young negroes, and baby negroes. You will want to hear them sing those good old "Days," "Down in Alabama," "Christoph Columbus," "There'll Be No Me to Welcome Thee if You Ever Come Back," and many other negro songs.

Along with this great event comes the Zander-Gump wedding. We have all been enthusiastic over how this romance will turn out, so let's come and see Maggie and Jiggs, Toots, Casper and Buttercup. They will all be there, even the Nebbs, so save your pennies; you can't miss this big event. What do we enjoy more than good old southern dorkie jokes and songs? Who is there who doesn't want to see the Zander-Gump wedding come off in grand style, at last?

Bits of Wit

Of all the hard words of tongue or pen.

The saddest of all are these, "Write this theme again."

Senior—What is the Faculty?

Freshman—Little one, the Faculty is a body of people selected to assist the freshmen run the school.

Pat—I'm going to see Mr. McDonald—want to go along?

Lula—No, thanks. Fools rush in where angels fear to tread, you know.

The two fastest ways of spreading news in C. H. S.: Tellassembly and Tellafreshman.

Utopia—The place where fish run the upperclassmen through the belt line.

It is always safe to carry a parachute and other aerial accessories when riding a wild horse along with Eugene Brian.

Laugh and the class laughs with you, but you stay after class alone.

Miss Jordan (in Latin class)—If I should say "to the office," what case would you use with the preposition "to"?

Ogden Stroud—The stair case.

Little Help.

Teacher—When that naughty boy threw stones at you on the way home yesterday, why didn't you come and tell me instead of throwing them back at him?

Willie—What good would it do to tell you? You couldn't hit the side of a barn.

DEBATE TEAMS WILL
HAVE RUN-OFF SOON

The debate teams of Canyon High School are now working under the direction of Mr. Wayne Eubanks, a senior of W. T., and they will soon be ready to debate with Amarillo and Panhandle.

The teams are: Boys, George Archer and Hosea Foster; girls, Ethel Braswell and Cleo Heath; alternates for the girls are Kathryn Robinson and Margaret Keirsey.

They will debate according to the following schedule:

Amarillo at Amarillo, March 27; Amarillo here, April 2.

Girls at 4 p. m., boys at 7:45 p. m.

Panhandle here, April 9.

Boys at 3 p. m., girls at 7:45 p. m.

Panhandle at Panhandle, April 10.

The finals will be held at the Interscholastic League meet, April 18 and 19.

DECLAMATION CONTESTS

The declamation contest of the grade students will be held in the High School Auditorium, Wednesday, March 19, at 3:15 p. m.

The following students will take part: Hal Gamble, Lucius Penick, Ben Slaughter, Mabel Schmitz, Helen Reed, Ruth Slaughter, Zudie May Bible, Rosa Cash, Mary May Harrison, Edith Elkins, Gladys McBride, Roby Foster, Laura May Slaughter, and Dora May Plaster. The senior declamation will be held March 26.

Freshman History

The personnel of the Freshman class has gone through many changes since its beginning in the first grade in 1922. Only four were with the class as youngsters in the first grade. They are Robert Black, Elvert Laughery, J. M. Black, and Eugene Brian.

Pat McCormick and Truett O'Donald entered this class in the second grade in 1923; Jack Downing and Evelynne Irons in 1924. The next year, Maxine Middleton, Eulalie Moore and R. J. Hurst made their first appearance in Canyon schools. Kathryn Robinson and Beulah Balengee were the next to become members of this group. Helen Reeves, Marsene Penick, Harold Gill and F. A. Thomas came in 1927.

Louise Wester, Ogden Stroud and Marshall Rockwell joined the class its last year in the grammar school. In 1929-30 to this group there have been added thirty-nine new students, making a total enrollment of fifty-eight for the class in its first year in high school.

MUSIC DEPARTMENT

TO GIVE PROGRAMS

The music departments in both the grades and high school are planning interesting entertainments for the future.

Miss Strain, the supervisor, is now working on the operetta, "The Rose Dream," in which the fourth grade students will take part. This will be presented April 11. The Girls High School Glee Club also is practicing on a cantata, entitled, "Man-Dah-Min," to be given May 2. This is an old Indian legend given in the form of music.

Graph of Grades
Worked Out For
Past Six Weeks

Mr. McDonald has recently worked out some interesting information in the form of statistics showing the per cent of each grade mark made by the freshmen, sophomores, juniors, and seniors, during the past six weeks.

Seven and one-half per cent of all the freshmen grades were A's. Twenty-six and one-half per cent of the grades were B's. Eight per cent of the sophomore grades were A's. Twenty-four and one-half per cent of their grades were B's.

The freshmen hope to attain, some time, the standard set for them by the seniors, which was sixteen per cent A's.

PALO DURO DECLAMATIONS
JUDGED BY MISS WEETER

Last Friday afternoon in the High School Auditorium, a number of students from the Palo Duro school gave declamations and were judged by Miss Weeter, head of the C. H. S. expression department.

There were two sub-junior girls, six sub-junior boys, and three senior girls. They were interesting declaimers and showed ability as speakers.

SOPHOMORE CLASS PARTY

Due to the rain Friday evening, only twenty were able to attend the party given by the Sophomores in the gym of the high school.

Mr. and Mrs. McDonald and Mr. and Mrs. Carruth were guests of honor.

The evening was spent playing "forty-two" and other games.

Stick candy and apples were served.

BASKETBALL TOURNAMENT

The students are all interested at present in the outcome of the intramural basketball tournament. Players are coming to the front who had never been thought of as basketball players before.

Mr. McDonald says: "The freshmen team has shown more improvement during the tournament than any other team; and, since the purpose of the tournament was to develop younger members of high school basketball, the tournament has been a success. The grade team and sophomore team as well as the freshmen, have shown great improvement."

In the freshman and senior game it looked for a while as if the freshmen might win, for the freshmen held the seniors goalless for quite a while.

Coach Spann said: "Several individuals have done outstanding work. Harden, a sophomore, led the field in scoring. He was closely followed by M. E. Cleavinger, a junior, while Taylor and Wooten, sophomores, and Jackson, a senior, also have high scores."

The freshmen all appreciate the faithful work and the many hours Warren Whaley put in coaching the freshmen team. They know that without his help and co-operation they could not have made so much progress.

What Freshmen Do

Days of work with enough fun to keep dullness away have made this year for the freshmen.

The work of the freshman class has been varied and interesting. The study of "Current Events" has been enjoyed by the two sections of history. They have been studying about Carlsbad Caverns, the Byrd expedition, and the conference in London. They have taken imaginary trips back to the fall of Rome, Constantinople, and Jerusalem.

Seven freshmen are taking Latin and eight Spanish. The students enjoy taking foreign languages, as the teachers let them play sentence and ending games. The Latin Club entertained the Latin students of the training school last December and the Latin and Spanish clubs will entertain in chapel soon.

Most of the freshman girls are taking home economics. During the first semester they learned how to cook biscuits, cakes, and puddings. The chapel program given by the home economics girls was enjoyed by the freshman class as two of the freshman girls, Louise Wester and Margery Tankersley, were in it.

The boys in manual training, under Coach Spann, have made tables and stools, and a beautiful cedar chest.

The boys and girls who are taking general science, have found this subject of general interest. They have made project books of aircraft, ideal homes, fire departments, and sleds. They are studying frogs; different kinds of fish, which they have preserved; and they have an aquarium of gold fish.

The freshmen feel that they have met their Waterloo when they go to algebra class. They find that algebra is all work and no play.

Miss Hammond has the most difficult task of all, that of teaching the freshmen English. However, they all like for her to talk to them about the punctuation family and live in hopes of some day really knowing this family.

Like all other high school students the freshmen must have their fun. At the first of the school term a party was given by them, at the home of Elvert Laughery. March 7, Louise Elkins gave a party for her friends in the freshman and sophomore classes. Everyone reported a good time. The freshmen are now looking forward to a "forty-two" party some time in the near future.

TEN COMMANDMENTS
IN ENGLISH

1. Thou shalt not prefer other subjects before me.
2. Thou shalt not use a pencil, neither shalt thou use colored ink or fancy paper.
3. Thou shalt not use any mark of punctuation wrongfully; if so, thy teacher will not hold thee guiltless.
4. Remember thou shalt always keep thy marbles in thy pocket.
5. Honor thy dictionary and use it freely, for in all thy writing thou shalt not misspell.
6. Thou shalt not use words, phrases or dependent clauses as sentences.
7. Thou shalt not fail to hand thy theme in on time.
8. Thou shalt not cheat.
9. Thou shalt not forget thy poetry reading.
10. Thou shalt not neglect thy spoken English, for thy friends know thee by thy words.

Famed Louisiana
Negro Minstrel
To Be Here Soon

The Louisiana Negro Minstrel is coming to Canyon, March 28. Don't miss it! Never before in the history of Canyon have you had the opportunity to see so many negroes.

There will be tall negroes, slim negroes, short negroes, fat negroes, old negroes, young negroes, and baby negroes. You will want to hear them sing those good old Days, "Down in Alabama," "Christoph Columbus," "There'll Be No Me to Welcome Thee if You Ever Come Back," and many other negro songs.

Along with this great event comes the Zander-Gump wedding. We have all been enthusiastic over how this romance will turn out, so let's come and see Maggie and Jiggs, Toots, Casper and Buttercup. They will all be there, even the Nebbs, so save your pennies; you can't miss this big event. What do we enjoy more than good old southern darkie jokes and songs? Who is there who doesn't want to see the Zander-Gump wedding come off in grand style, at last?

Bits of Wit

Of all the hard words of tongue or pen,

The saddest of all are these, "Write this theme again."

Senior—What is the Faculty?

Freshman—Little one, the Faculty is a body of people selected to assist the freshmen run the school.

Pat—I'm going to see Mr. McDonald—want to go along?

Lula—No, thanks. Pools rush in where angels fear to tread, you know.

The two fastest ways of spreading news in C. H. S.: Tellassembly and Tellafreshman.

Utopia—The place where fish run the upperclassmen through the belt line.

It is always safe to carry a parachute and other aerial accessories when riding a wild horse along with Eugene Brian.

Laugh and the class laughs with you, but you stay after class alone. Miss Jordan (in Latin class)—If I should say "to the office," what case would you use with the preposition "to"?

Ogden Stroud—The stair case.

Little Help.

Teacher—When that naughty boy threw stones at you on the way home yesterday, why didn't you come and tell me instead of throwing them back at him?

Willie—What good would it do to tell you? You couldn't hit the side of a barn.

DEBATE TEAMS WILL
HAVE RUN-OFF SOON

The debate teams of Canyon High School are now working under the direction of Mr. Wayne Eubanks, a senior of W. T., and they will soon be ready to debate with Amarillo and Panhandle.

The teams are: Boys, George Archer and Hosea Foster; girls, Ethel Braswell and Cleo Heath; alternates for the girls are Kathryn Robinson and Margaret Keirsey.

They will debate according to the following schedule:

Amarillo at Amarillo, March 27; Amarillo here, April 2.
Girls at 4 p. m., boys at 7:45 p. m.
Panhandle here, April 9.
Boys at 3 p. m., girls at 7:45 p. m.
Panhandle at Panhandle, April 10.

The finals will be held at the Interscholastic League meet, April 18 and 19.

DECLAMATION CONTESTS

The declamation contest of the grade students will be held in the High School Auditorium, Wednesday, March 19, at 3:15 p. m.

The following students will take part: Hal Gamble, Lucius Penick, Ben Slaughter, Mabel Schmitz, Helen Reed, Ruth Slaughter, Zudie May Bible, Rosa Cash, Mary May Harrison, Edith Elkins, Gladys McBride, Roby Foster, Laura May Slaughter, and Dora May Plaster. The senior declamation will be held March 26.

Freshman History

The personnel of the Freshman class has gone through many changes since its beginning in the first grade in 1922. Only four were with the class as youngsters in the first grade. They are Robert Black, Elvert Laughery, J. M. Black, and Eugene Brian.

Pat McCormick and Truett O'Donald entered this class in the second grade in 1923; Jack Downing and Evelynne Irons in 1924. The next year, Maxine Middleton, Eulalie Moore and R. J. Hurst made their first appearance in Canyon schools. Kathryn Robinson and Beulah Ballege were the next to become members of this group. Helen Reeves, Marsene Penick, Harold Gill and F. A. Thomas came in 1927.

Louise Wester, Ogden Stroud and Marshall Rockwell joined the class its last year in the grammar school. In 1929-30 to this group there have been added thirty-nine new students, making a total enrollment of fifty-eight for the class in its first year in high school.

MUSIC DEPARTMENT

TO GIVE PROGRAMS

The music departments in both the grades and high school are planning interesting entertainments for the future.

Miss Strain, the supervisor, is now working on the operetta, "The Rose Dream," in which the fourth grade students will take part. This will be presented April 11. The Girls High School Glee Club also is practicing on a cantata, entitled, "Man-Dah-Min," to be given May 2. This is an old Indian legend given in the form of music.

Graph of Grades
Worked Out For
Past Six Weeks

Mr. McDonald has recently worked out some interesting information in the form of statistics showing the per cent of each grade mark made by the freshmen, sophomores, juniors, and seniors, during the past six weeks.

Seven and one-half per cent of all the freshmen grades were A's. Twenty-six and one-half per cent of the grades were B's. Eight per cent of the sophomore grades were A's. Twenty-four and one-half per cent of their grades were B's.

The freshmen hope to attain, some time, the standard set for them by the seniors, which was sixteen per cent A's.

PALO DURO DECLAMATIONS

JUDGED BY MISS WEEER

Last Friday afternoon in the High School Auditorium, a number of students from the Palo Duro school gave declamations and were judged by Miss Weeter, head of the C. H. S. expression department.

There were two sub-junior girls, six sub-junior boys, and three senior girls. They were interesting declaimers and showed ability as speakers.

SOPHOMORE CLASS PARTY

Due to the rain Friday evening, only twenty were able to attend the party given by the Sophomores in the gym of the high school.

Mr. and Mrs. McDonald and Mr. and Mrs. Carruth were guests of honor.

The evening was spent playing "forty-two" and other games.

Stick candy and apples were served.

BASKETBALL TOURNAMENT

The students are all interested at present in the outcome of the intramural basketball tournament. Players are coming to the front who had never been thought of as basketball players before.

Mr. McDonald says: "The freshmen team has shown more improvement during the tournament than any other team; and, since the purpose of the tournament was to develop younger members of high school basketball, the tournament has been a success. The grade team and sophomore team as well as the freshmen, have shown great improvement."

In the freshman and senior game it looked for a while as if the freshmen might win, for the freshmen held the seniors goalless for quite a while.

Coach Spann said: "Several individuals have done outstanding work. Harden, a sophomore, led the field in scoring. He was closely followed by M. E. Cleavinger, a junior, while Taylor and Wooten, sophomores, and Jackson, a senior, also have high scores."

The freshmen all appreciate the faithful work and the many hours Warren Whaley put in coaching the freshmen team. They know that without his help and co-operation they could not have made so much progress.

Nurse Tells

How
CARDUI
Helped Her

Mrs. W. A. Cox, a well-known professional nurse, of Burnside, Ky., writes: "I was in very bad health, and only weighed 110 pounds. I read in the papers about Cardui, and thought I would give it a try-out. After I had taken one bottle, I could see that I was improving. After I had taken it a month or two, I began to gain, and I weigh at present 168, and have weighed that for some time. I am now 55 years old, and can do as much work as the average middle-aged woman can."

"I would advise any woman, who is weakly and in a run-down condition, to try Cardui, but not to expect one bottle to make her well. I take two or three bottles a year, now, and I feel fine."

DR. MILES' Liquid NERVINE

All Wrought Up Over Nothing

Didn't sleep last night; too much work; the children are fretful; the Boss is cranky; Mrs. DeVere didn't invite you to her party.

Ordinarily you don't mind any of these things, but today they are simply unbearable. You are nervous, that's why.

Did you ever try Dr. Miles' Nervine? Just two teaspoonfuls in a half glass of water will quiet your over-taxed nerves and bring you a feeling of calm and peace.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

At all Drug Stores. Price \$1.00

RELIEF—OR YOUR MONEY BACK

You probably know from experience how promptly and completely Bayer Aspirin relieves a headache. But until you try it for some deep-seated pain such as neuralgia or neuritis you cannot know its full effectiveness. Bayer Aspirin long ago proved that much suffering is needless. Doctors know it is safe to use freely. Just be certain to get genuine Aspirin with Bayer on the box and on every tablet.

JAILING TELEPHONE SPONSORS

Sixty years ago a Boston newspaper published an article commending the police for arresting a person who had attempted to "extort funds from ignorant and superstitious people by exhibiting a device which he says will convey the human voice any distance over metallic wires so that it will be heard by listeners at the other end."

Today the telephone is essential in almost every business and social contact.

Don't call a man lazy too hastily. The poor fellow may be suffering from voluntary inertia.

FROZEN PUDDING

A frozen pudding, or some other elaborate frozen dessert is worthy any guest. These concoctions are not difficult of achievement. It takes only a little ingenuity, plus the ingredients called for, to put them through.

Here is a recipe for iced rice pudding:

Half cup of rice, one pint of milk, one quart of cream, two cups of sugar, yolks of six eggs, one tablespoon of vanilla. Rub the rice well in a clean towel, put it on to boil, in one pint of cold water, boil a half hour; drain, cover with the milk, and boil a half hour longer. While this is boiling, whip the cream. After you have whipped all you can, add the remainder, and what has drained from the other,

to the rice and milk. Stand the whipped cream in a cold place until wanted. Now press the rice through a wire sieve, and return it to the farina boiler, in which it was boiled. Beat the yolks and the sugar together until light, then pour over the boiled rice, stir well, return again to the fire and cook two minutes, or until it begins to thicken. Take from the fire, add the vanilla, and turn out to cool. When cold, put into the freezer and freeze. When frozen, stir in the whipped cream, remove the dasher and smooth down the pudding, re-pack and stand aside for two hours. This may be served with chocolate sauce, or with preserved fruit, or with a compote made by boiling diced orange pulp in a rich syrup.

UP TO THE SCHOOLS

"Let the schools do it." That, declares Will C. Woods, ex-superintendent of public instruction in California, is the public's present attitude of burden-shifting.

"The school," he says, "is the younger brother of civilization. We have had turned over to us the old clothes and chores of the older institutions."

Parents expect the schools to develop children's character.

The government expects the schools to teach respect for law and order.

Industry expects the schools to train workmen in all trades, formerly trained by long apprenticeship.

Commerce expects the schools to train young men and young women to fill positions formerly reached through long experience in commerce itself.

City congestion and modern methods of living have forced the schools to take up the work of teaching sanitation, health education, and hygiene.

And everybody, it seems, expects the schools to solve the problem of leisure—the right use of spare time.

It is a large order and only the most dauntless and inspired educators are very hopeful that it can be filled. The public, according to Mr. Wood, after putting this heavy burden on the schools, has been niggardly in its support of them. It will have to give, sooner or later, not only more money, but more thought and more co-operation. The sooner it gives these things, of course, the better for the public.—The Devils Lake Journal.

COURAGE

It takes pluck to command and it takes pluck in some people even to resign themselves to getting rich.

Ideals are adult conceptions. The youth of each generation take the words of their elders and say them over with seeming intelligence. But the words are empty; empty until life fills them.—Angelo Patri.

Husband (feeling a twinge in the back while he is tuning in the radio)—I believe I'm getting lumbago.

Wife—What's the use, dear? You won't be able to understand a word they say.—Epworth Herald.

ADULT ILLETARACY IS DEPLORED BY EDUCATOR

"American life presupposes an educated public. Government, business, the prevention of pauperism, individual happiness, and self-respect all require that Americans have at least the elements of education. Until this is achieved, neither our government nor our economic system can reach its intended effectiveness," writes L. R. Alderman, of the United States Office of Education, in the United States Daily. He continued:

"The problem of education challenges every community. However optimistic the educator may feel over the progress that has been made in the last quarter of a century in the history of American education, he cannot feel complacent."

"Not only do we have with us a problem of illiteracy, sufficiently uncomfortable to give rise to the appointment of a national committee to study the whole aspect of it with a view to its speedy eradication, but we also have an adult population of unpleasant proportions functionally illiterate. It is this latter concourse which should enjoin the discriminating attention of Americans."

"Although illiteracy is proportionally higher in certain geographic areas, the lack of adult education of an elementary character is generally disarming. It is not only an educational problem to be solved but it is a political problem to eliminate such a challenging condition in our social life."

To this fact has been added the review of the tests made by the National Academy of Sciences of the drafted men in the American army of 1917. This review reported that one-fourth could not read a newspaper or write a letter.

How large the number of Americans who need the barest essentials of education is has been estimated to number 20,000,000. These figures are merely conjectural, having been based upon statistics from the United States bureau of the census in its 1920 enumeration, in which it was reported that 71 out of every 1,000 men and women over 14 years of age could not write in any language.

"Pea King" is the title conferred upon J. B. Berry of Henderson county, not only because he has made a success in growing and marketing the black-eyed pea, but because he evolved a process by which, through removing the germinative quality, he rendered it weevil-proof. Thereby the pea—a real delicacy among those who have eaten them—became a commercial possibility, capable of being shipped long distances and stored for long periods without any damage from weevils. Hundreds of East Texas farmers are adding materially to their incomes by growing the crop. Farmers about Gilmer, who last year planted 1,156 acres to peas, will plant 2,000 acres this year.

PUTS ALL HUSBANDS IN THREE CLASSES

There are only three kinds of husbands in the world and it is a question whether any of them are handy to have around the house, according to Richard Connell. He classes them under the headings of Alpha, Beta and Gamma, and rates himself as an expert in the latter class.

"The Alpha husband is growing increasingly rare in North America," says Connell. "He not only can but cheerfully does wash and dry the children and the dishes, promenade with the pup, put down the new linoleum, fix the furnace, chop ice for the sarsaparilla and rig up devices for closing windows on cold mornings."

"The Beta husband likes to putter around the house, but he likes to putter at what he likes to putter at. If his bent is toward carpentry, he will fill the house so full of shelves, cabinets and other specimens of his art that the only guests who can visit there will be midgets. This type of husband is often to be found in the cellar making something in a crock. Usually it explodes before anyone can drink it, which is fortunate."

"Then there is the Gamma husband, who is about as useful about the house as a pea-shooter in the next war. To this group I belong."

THE PROPER WAY TO COOK WITH GAS

There is a right and a wrong way to use a natural gas cook stove. The wrong way is expensive—it wastes natural gas. The right way applies the heat directly and eliminates much of the waste.

The metal stove lid keeps the utensil too far away from the flame. Bring the vessel into contact with the flame. The tips of the flame should just touch the pan for the most efficient utilization of the heat.

Be sure there is sufficient draft to carry off burnt gas fumes. However, an excessive draft should be avoided as it will carry the flame away from the utensil. You are paying for the gas you burn—why not follow proper methods of heat application and get full value for your money?

Eliminate the waste in your home.

Again Konjola Gives Proof of Amazing Power

Ten Years of Rheumatism Are Ended When New Medicine Is Given a Chance.

MRS. G. H. COLEMAN

What cheer and encouragement are to be found in the many victories of Konjola, the new and different medicine of 32 ingredients. Take, as a typical example of Konjola at work, the case of Mrs. G. H. Coleman, R. F. D. No. 3, Ft. Smith, Ark. Imagine her happiness when she was able to say:

"When I look back and think how I suffered from rheumatism and kidney trouble for ten years I can hardly believe that I am well and happy as I am today. And all this glorious change is due to Konjola. For ten years I endured awful agonies. At times the pain in my limbs was so severe that I could not get around. Every night I was up many times, and the loss of sleep and rest told on my general health. A friend urged me to try Konjola, and what good advice that proved to be. In four weeks I was without a sign of rheumatism, and my kidneys were as good as ever. No wonder Konjola is the most talked of medicine in America. It should be in every home throughout the land.

Kanjola is sold in Canyon at Jarrett's Drug Co., and by all the best druggists in all towns throughout this entire section.

comfort and ease

The muscles, tissues and nerves must "give" easily as the abdomen enlarges or much pain and suffering may result. More important still, is to have the tissues and muscles as "elastic" as possible when the great moment of childbirth arrives.

Mother's Friend

Countless thousands of expectant mothers for over 60 years have been relieved by the use of "Mother's Friend"—that time-tested, scientifically-prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician.

You owe yourself the comfort "Mother's Friend" gives. It is soothing and relaxing. It is used externally only—gently rubbed into the skin. Clean and pleasant to the touch. Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal.

"Mother's Friend" is on sale at all drug stores. \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address Bradfield Regulator Co., Dept. 15, Atlanta, Ga.

Weakly Windbag

By the Office Loafer

When questioned about the rainy weather and golf, Oscar Gano grew sarcastic and remarked that rainy weather shouldn't affect indoor golfers, especially those who study it by mail.

Personally I think he is all wet.

Now might be a good time to have a little poetry mixed in. The ostrich may be queer as sin.

But do not notice that; For he has put a feather in Full many a lady's hat.

Now just who said that Spring was here, with all this snow and sleet we have been having lately? Now just who did, anyway? ?? It's a cinch who did, didn't know what they were talking about. Anyway, I guess the farmers are glad that the spring had not arrived when we said that it had. Well, I make mistakes, you know. The talk carried on by the ladies about Easter bonnets and such sure didn't match the snow that was falling.

An item in an exchange says: "A sonloquist is one who talks in his sleep." Well, I've been told that I snore, what does that mean?

It's getting so that whenever we see anyone come into this office, we think that he is a candidate getting ready to announce for some office.

"Better Homes Week is fine, but why not also a 'Stay at Home' week to enjoy the former?" says Twink of the Pampa News. But, may we ask, how are you going to see which is the better or which one is the best if you stay at home?

A headline says, "Takes First Air Ride at 85." Incidentally, not that it matters so very much, but I know a fellow who is likely to be older than that before he suffers such a trip.

COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

**Low charges for distribution of the new Ford
save you at least \$50 to \$75 in addition to
the many savings in making the car**

THESE are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economies in making the car. Here are three reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) The Ford charges for financing are low.

(3) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices. None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.

Candidate for District Judge

E. O. NORTHCUTT

E. O. Northcutt, Amarillo attorney, has announced his candidacy for the office of Judge of the 47th Judicial District, which includes Potter, Randall and Armstrong counties.

Mr. Armstrong has been in active practice 13 years, most of the time in Amarillo. He has been associated with some of Amarillo's oldest law firms, and formerly served in the Oklahoma legislature. Regarding his announcement he makes the following statement:

"In announcing for the office of district judge of the 47th Judicial District of Texas, I am not unmindful of the high duties and grave responsibilities that would rest upon me as judge.

"I was born in Texas and am 39 years of age. I attended the public schools of Amarillo during the term of 1907 and 1908. I am a graduate of Oklahoma University and served two years in the legislature of that state.

"I have practiced law for 13 years, and was in the office with

Thomas F. Turner and J. B. Dooley for some two years; after which time I went with C. E. Gustavus and was associated with him until his death, and have since continued the practice of law here.

"A good district judge must be unbiased and free from prejudice; his moral character must be above suspicion; his integrity should be beyond question; his duty is plain—he must rule right.

"I have had sufficient training and experience to give me the correct viewpoint, which would enable me to so conduct court and rightfully use the powers vested in a district judge so as to insure justice and to best conserve the time of jurymen and to dispense with useless technicalities.

"There are entirely too many technicalities and unnecessary delays in most court trials to insure justice by a speedy public trial. If a jury is summoned, it should be used or released as justice to the jurors and to save unnecessary expense."

Miss Fry Recites At College Tuesday

The public speaking department of the College will present Miss Dalma Fry in a speech recital, Tuesday, March 25, at eight o'clock, in the Education building auditorium.

Miss Fry will read "Kindling" by Charles Kenyon, a play dealing with the problems which confront the laboring class of people in our large cities. Mr. Kenyon has treated the play very sympathetically, because of his deep understanding of human nature.

An invitation is extended to the public to attend.
